Cumberland, Maryland

In The Event of a Bioterrorism Emergency

...Are You Equipped To Answer The Call?

THIS TRAINING IS A MUST FOR THOSE WILLING TO PROVIDE PHARMACEUTICAL SERVICES DURING AN EMERGENCY!

To insure that Maryland volunteer pharmacists recruited by Secretary Georges Benjamin are properly trained and equipped to provide support to the State and local jurisdictions in the event of a bioterrorist-related emergency, the University of Maryland School of Pharmacy, in collaboration with the Maryland Board of Pharmacy and DHMH, developed a training program for the pharmacist and pharmacy technician volunteers.

FOR INFORMATION AND A VOLUNTEER FORM, CALL 410-764-4755 OR VISIT

<http://www.mdbop.org/alert/index.htm>

"The Pharmacist's Response to Bioterrorism" is a live, three-credit ACPE continuing education program which is being offered in Baltimore, Ocean City and Cumberland, Maryland.

Program Content

- ❖ **Biologic Agents**
- ❖ **Special Population Needs**
- ❖ **National and State Planning Documents**
- ❖ **National Pharmaceutical Stockpile (NPS)**
- ❖ **Incident Management**
- ❖ **The Board's Volunteer Deployment Plan**

DHMH will be issuing you a badge at the "The Pharmacist's Response to Bioterrorism" training program. The badge will contain your name, profession, license number and signature. By registering for this program, you agree that you will wear the badge in the event that your professional assistance is enlisted by this Department in a catastrophic emergency.

SPEAKERS

Bruce D. Anderson, PharmD, DABAT
Maryland Poison Center

Objectives

- ❖ List the biologic agents most likely to be encountered during a terrorist attack.
- ❖ Describe the most appropriate medication doses, indications, cautions, and contraindications used in the management of a biologic terrorist attack.
- ❖ Identify special population patients who may require alternative therapies.

Continuing education statements of credit will be processed for a \$10.00 fee. Make checks payable to University of Maryland Baltimore Foundation

- ❖ A learning assessment and program evaluation form must be completed in order to receive statement of credit.
- ❖ Statements of credit will be mailed directly to participants within six weeks of completion of the program.

Joseph M. Scaletta, MPH

Maryland Department of Health and Mental Hygiene

Objectives

- ❖ Describe the National Pharmaceutical Stockpile (NPS) program, including contents, deployment, and responsibilities of local, state, and federal authorities.
- ❖ Identify roles and responsibilities of a volunteer pharmacist/pharmacy technician for prophylaxis/treatment in a bioterrorism emergency.
